

Subject: Home learning on the website

Date sent: 21st June 2020, 4:54pm

Great Barford C of E Primary Academy

Dear All,

Another week has flown by and we're moving towards of the end of June already.

I hope everyone has had a chance to look at the 'GBPA loves to read' video on our school website. We had great fun making it and we really hope that the children are enjoying their reading at home too.

The home learning work for next week is now visible on our school website. Please encourage the children to use their class blogs to communicate with their teachers. We love to see pictures of the work that the children have completed at home and the teachers will give feedback that I know that will be useful and encouraging to the children.

This coming week I will be contacting the Reception class parents and carers and I will also be sending a survey to the key worker identified group parents and carers regarding summer holiday club.

I will be in touch again soon.

Kind regards,

Sarah Evans

Headteacher
