

Challenge questions:

There are **56** legs.

How many spiders are there?

Answer:

Complete the facts about this array.

$$6 \times \square = 48$$

$$8 \times \square = 48$$

$$\square \div 6 = 8$$

$$48 \div 8 = \square$$

Answer:

Find the incorrect number in these sequences.

a) 4, 8, 12, 14, 20, 24, 28, 32.

b) 64, 56, 46, 40, 32, 24, 16, 8.

c) 6, 9, 12, 16, 18, 21, 24.

Answer:

Sophie is twice as tall as her baby sister Lucy.

If Sophie is 140cm tall how tall is Lucy?

How many egg boxes would you need if Helen the hen laid 50 eggs?
